How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

CI Investments Inc. has rated the volatility of this fund as medium.

Because this is a new fund, the risk rating is only an estimate by CI Investments Inc. Generally, the rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What is a Mutual Fund and What are the Risks of Investing in a Mutual Fund?" section of the fund's simplified prospectus.

No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how Series I securities of the fund have performed since inception. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

Who is this fund for?

This fund may be suitable for you if you:

- want a medium risk investment that is focused on generating capital growth
- are planning to hold your investment for the medium and/or long term

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws of where you live and whether you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series I securities of the fund. The fees and expenses — including any commissions — can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

There are no sales charges applicable to your series of securities.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund class' returns.

The fund series' expenses are made up of trading costs and Certain Fund Costs. Because this fund is new, its Certain Fund Costs and trading costs are not available.

More about trailing commission

CI Investments Inc. does not pay a trailing commission on your series of securities to your representative firm.

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch securities of the fund.

Fee	What you pay
Short-term trading fee	Up to 2% of the net asset value of the securities you redeem, if we determine that you have engaged in inappropriate short-term trading. This fee goes to the fund.
Switch fee	Your representative's firm may charge you up to 2% of the net asset value of securities you switch to another fund.
Investment advisory fee	You may be charged an investment advisory fee, the amount of which is negotiated between you and your representative (acting on behalf of the representative's firm) and may be collected by us on behalf of your representative's firm (by redeeming (without charges) a sufficient number of securities from your account on a quarterly basis). The investment advisory fee must not exceed 1.25% annually of the net asset value of Series I securities of the fund in your account.
Series I account agreement fee	You will be charged a management fee and administration fee directly by us, the total amount of which is negotiated between you and us, and payable directly to us by the redemption of securities (without charges) up to a maximum of 1.35% annually of the net asset value of Series I securities of the fund in your account depending on the asset class of your investment. However, if your investment falls below the minimum investment required for this series of securities, an additional fee of 0.15% per year may be applied.
NSF cheque fee	There is a \$25 charge for all cheques returned because of insufficient funds.

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual funds securities within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document or financial statements contain a misrepresentation. You must act within the limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
